APPENDIX 2: 'Standard Cars' are as defined in S.11.1.1 'Standard Car' definition applies to those cars made after 01/01/2000. Any replacement components must be standard/standard pattern part.

NOTE 1: Engine capacity increase/decrease factors: a. Forced induction, an increase of 40%, except for 'Standard Cars' where an increase of 70% should be applied. b. Rotary engine cars, an increase of 50% on the real capacity.

NOTE 2: Entries to Classes EV1 and EV2 are reminded that the sprint at Lydden is a stand alone event and does not represent a round in any championship. As per the Blue Book modification is not permitted to structure powertrain or electrical propulsion system. Aftermarket modifications are allowed to suspension and brakes, provided original design is maintained per section S in the Blue Book. Other specific modifications which may otherwise excluded (e.g Antiroll bar drop links) may be permitted. Written application must be made in advance for approval of the Clerk of the Course provided there is written agreement from all other competitors in the relevant class(es). This regulation has no standing at any other events. List 1A or 1B tyres **must be used**. Vehicle must display EV decals. The organising club will not supply charging. Competitors are not permitted to bring external power source for charging (i.e., generators)

In the event of a dispute concerning the compliance of a vehicle to the regulations for the event the onus will be on the competitor to prove the compliance to the organisers. Road going cars must be taxed, insured and MOT tested (where necessary) and road legal in all respects. Documentation must be available if verification is requested or required by a Senior Official.

THE USE OF TRADE PLATES IS NOT PERMITTED

10. TIMING STRUTS

Timing will be activated by a light beam and competing vehicles will be required to be fitted with a timing strut in accordance with Motorsport UK General Regulation S10.10.

11. PRACTICE:

Competitors will have the opportunity of one practice run consisting of 1.75 laps, starting singly with up to 3 cars on the circuit at one time. Competitors will also be provided with the opportunity to walk the course prior to 8.30am. Junior competitors will be given 3 observed laps prior to practice.

There is no designated practice start or tyre warming areas at this venue. The practicing of competing cars outside the designated course area is strictly forbidden and may result in disqualification from the event.

12. STARTING PROCEDURE:

Cars will be formed up in the assembly area. They will be started from the paddock gate singly, by traffic lights, with 3 cars on the track at one time. Because of the track layout at Lydden Hill and to ensure the safety of all associated with the event, the following starting procedure will be adopted. Competing vehicles will be brought forward to the start line by one of the start marshals at which time the driver must be entirely ready to start. When the traffic lights turn green the competitor has a maximum of 5 seconds to commence their timed run. If the competing vehicle has not left the start line within 5 seconds, the start marshal will display the red light to the competitor and the run will be void. No re-runs will be awarded for this occurrence. Any competitor starting the run after the light has been shown will be disqualified from the event.

13. TIMED RUNS:

Each run will consist of 1.75 laps. Timing will be by automatic timing equipment. Starting signal will be by the use of traffic lights. The finish will be indicated by a chequered flag. The finish will be situated on the approach to the top hairpin. Upon completing the run/practice indicated by a

chequered flag, competitors must pull to the left of the track, reduce speed, and pull off to the left at the slip road to proceed back to the paddock. They should maintain sufficient speed to ensure they do not interfere with any other car on the track attempting to record a time. Failure to comply will result in the time for the run just completed being disallowed.

Competitors will have the opportunity of up to FOUR timed runs plus a Best Improvement Run (time and weather permitting). All timed runs other than the 'Best Improvement Run' will be used to decide the results for the overall and class award, and championship points. Any further non qualifying runs will take place at the discretion of the Clerk of the Course on the day.

Identification:

Identification will be by competition numbers on either side of the car which will be allocated by the organisers, However, numbers will not be provided by the organisers. **Where a car is driven by two drivers, the numbers not in use must be removed or covered.** If this is not done, the timekeeper may not give a time.

No Overtaking:

Overtaking a non-stationary vehicle will not be permitted. If you are baulked by a slower driver or an incident, a re-run may be claimed. Any competitor overtaking a non-stationary vehicle or ignoring a flag marshal's signal maybe disqualified from the results. All re-runs must be claimed by the competitor in person from the Clerk of the Course.

Marking and Penalties:

Competitors will be penalised by 5 seconds for any course cone struck. In the event of a competing car failing to keep all four wheels on the designated course a penalty of '4 wheels off' **[4WO]** will be imposed and no time will be given for that run. Failure to follow the correct route **[WR]** will also result in no time given. If, for any reason, a competing vehicle strikes the course timing equipment a time will not be given for that run.

14. FLAG SIGNALS:

Only 3 flag signals may be used.

- Union Flag at the start if the start lights fail.
- Chequered Flag / Board at the Finish.
- Red Flag [Q12.24.3(j) will apply in S9.3.7]

If a Red Flag is displayed at a marshal's post, immediately cease driving at racing speed and proceed slowly, without overtaking, and with maximum caution return to the Paddock. Follow the marshals instructions in the paddock if you are being directed for a re run.

Competitors who ignore a red flag signal may be disqualified, have their licence endorsed and incur licence penalty points in accordance with C2.1.4-C2.1.8.

15. LOGBOOKS AND VEHICLE PASSPORTS:

Competitors are reminded of the requirements of S9.1.7. where, unless a car is currently licensed for use on the public highway and is competing on the event in a road legal condition, a logbook (CCLB) or Vehicle Passport (VP) will be required. Logbooks will not be available, issued or validated at the events.

16. TIMING QUERIES:

Any queries regarding times should be raised by competitors with the Secretary of the Meeting at the Paddock Office. Competitors must not approach timekeepers direct and should any competitor

query a time directly with a timekeeper, they will be disqualified from the event.

17. NOISE:

Lydden Hill has some specific noise restrictions which must be complied with. For this event these are:

STATIC TEST – A maximum of 105dB at ¾ maximum revs measured 0.5m from the end of the exhaust pipe at an angle of 45 degrees. DRIVE-BY TEST – A maximum of 98dB at 10m.

Both the above must be complied with. Temporary or insecure exhausts will not be permitted, as exceeding the noise limit at just one of the monitoring stations constitutes a breach of the planning conditions. Noise testing is required by Dover District Council, a Motorsport UK Environmental Scrutineer will undertake the static testing with the drive-by testing to be carried out by Lydden Hill Staff and if in their judgement a vehicle exceeds the noise limits, they will fail this vehicle. THERE IS NO RIGHT TO APPEAL THIS DECISION.

Under no circumstances should competition engines be run before 09:00 on the day of the event and absolutely no competition engines should be run on the day before the event. Vehicles can be run on tick-over from 08:55 to allow vehicles due on circuit at 09:00 to move to the Assembly Area.

18. JUDGES OF FACT:

Start Line Marshals – Judges of Fact for start line procedure.

Environmental Scrutineer – Judge of Fact for noise issues.

Course Marshals – Judges of Fact for course marker penalties, course violations and baulking.

Chief Timekeeper – Judge of Fact for timing matters.

19. CAMERAS:

Onboard cameras are permitted subject to J5.21 and footage must be surrendered to the organising club at the request of the Clerk of the Course.

20. PROTECTIVE CLOTHING:

Motorsport UK approved helmets, race overalls and gloves are required to be worn by all drivers on the circuit. See K9 Overalls - with the exception of competitors in classes A1 and A2 (Standard production cars) where overalls are not mandatory but recommended. K10 Helmets and K14.3(e) Gloves. Also, if applicable Frontal Head Restraints in accordance with S.9.2.1.3 and K13. Blue book S9.2.1.1 and 9.2.12 and 9.2.1.3

21. AWARDS:

Perpetual awards will be presented for each event as follows:

FTD	An Award
1 st in Class	An Award
2 nd in Class (subject to 4 starters)	An Award
3 rd in Place (subject to 7 starters)	An Award

Best Borough 19 MC Member*	An Award
Best Lydden Hill MC Member*	An Award
Best Junior*	An Award
Best Time Improvement* (subject to more than four timed runs being offered)	An Award

No competitor may win more than one of the above awards other than those marked* and the order of precedence will be as listed above. Those awards marked* will be decided by a panel of judges and may be awarded considering a competitor's performance in class, special efforts exerted, improvement in performance between runs, spirit of the performance and conduct throughout the meeting as well as overall time recorded. All awards will be presented and must be collected at the end of the meeting. No awards will be posted.

22. ENTRIES

The maximum entry for Lydden Hill events is 115. The organisers reserve the right to increase the maximum entry, which will be notified in the Final Instructions or Official Bulletin. Reserves will only get a run if a place becomes available in the original entry. The minimum entry is 75. Should any of the minimum figures not be reached the organisers have the right to amalgamate the classes or cancel the meeting as they see fit. Entries will be selected in order of receipt.

23. ENTRY LIST

The entry list opens on Saturday 4th February and the closing date is Saturday 8th July 2023.

24. ENTRY FEE/REFUNDS

The entry fee is £175.00. All entries must be made via the Borough 19 Motor Club online entry system which can be accessed by visiting www.borough19motorclub.org.uk. Payments can be made through this system or by BACS (Sort Code: 40-44-37 Account No: 81403575). Please ensure if paying by BACS you put your name in the description so we can match it against your entry.

All entries will be held in abeyance until the entry fee has cleared into our account, at this point you will receive a notice of acceptance from the entry system.

This is a paperless event; all the event administration will be done electronically.

The Entry Secretary is Roger Grimes email: Roger@borough19motorclub.org.uk

Where a car is double driven both drivers must complete an entry form and nominate which driver is to run first, to assist with the correct allocation of numbers.

Finals will be sent by email. Entry fees will be refunded if the Entry Secretary is notified by email of an intention to withdraw not less than 72 hours before the start of the event. After this time refunds will be made at the organiser's discretion (and only if a reserve is available to take up the place) and will be subject to an administration charge of £25.00.

27. OTHER REQUIREMENTS

All other General Regulations of Motorsport UK apply as written except the following which are modified:

S9.2.3: A vehicle may be driven by more than one driver but not more than two

S9.3.2: A vehicle which leaves the track involuntarily or otherwise becomes stationary on the track may not complete its timed run. If possible, the vehicle should be moved off the track to a safe place. No vehicle may return to the track until the run is completed and instructed to do so by a marshal. A re-run will not be permitted.

Dogs are allowed at Lydden Hill but MUST be kept on a lead.

RAY HEAL

This event honours Ray Heal who passed away in 2016 at the age of 90. Ray was a familiar face within the Southeast motor sport scene competing first in autocross and then sprinting with a Mallock clubman's car. As this Lydden Hill event is being organised and co-ordinated by five ASEM Clubs within the Southeast, we feel it fitting to honour Ray as he became the ASEM Speed Championship Co-ordinator for some 20 years. He was never bothered about winning, but just wanted to enjoy his motorsport. To him, just being part of an event where he could talk and see many friends and colleagues that he met around the country was more important. His wife the late Phillipa Heal became the ASEM Treasurer in order to support her husband. Ray was a true gentleman and terrific sportsman.
