Chief Timekeeper John Sharp
Chief MO: John Horton
Chief Marshal Willie Williams
Rescue Unit CAM Rescue
Club Child Protection Officer Chris Judge

15. Provisional results will be published at the meeting as soon as possible after the final run and final results will be Emailed within 3 days of the event & posted on the 7 Oaks Website.

16. Any protest must be lodged in accordance with General Regulations.

17. Starting will be in accordance with class and number order. Cars will start singly. The starting signal will be by lights or flag. Start timing is activated when a car breaks a light beam. The finish line will be clearly indicated by a chequered flag. Timing will be by automatic equipment. Timing struts will be required. See S10.9.

18. Competitors are strongly advised to walk the course as there will be no convoy runs. One practice run will follow. There will then be a minimum of three timed runs, four if time and weather permit, fastest of all timed runs to count for the results. We reserve the right to cancel the fourth run if time or weather prevents all competitors from completing the run in which case the first 3 timed runs count for results.

19. Numbers: Competitors will be identified by competition numbers which will **not** be provided by the organisers. The numbers must be displayed on both sides of the competing car and be displayed on a contrasting background, see J4. Where a car is double entered, the numbers not applicable must be completely masked. If this is not done the Motorsport UK Timekeeper may not give a time and in that case **a re-run will not be permitted.**

20. Please remember that cars driven to and from the event must have their competition numbers removed or completely covered on the public highway.

21. A vehicle may be entered twice with two different drivers (a separate entry is required for each driver)

A vehicle which leaves the track involuntarily or otherwise becomes stationary on the track may not complete its timed run. If possible the vehicle should be moved off the track to a safe place. No vehicle may return to the track until the track is clear and the driver is instructed to do so by a marshal. A re-run will not be permitted.

22. Practising. The warming up or practising of competing cars outside the designated competition area is strictly forbidden and will result in the competitor being excluded from the event forthwith. This will be strictly enforced after a misdemeanour in 2018.

23. Noise. All cars must comply with J5.17. Noise testing will be in operation during the meeting and the organisers can exclude any competing car that exceeds the limit.

24. Flag signals.

Only one flag signal will be used - Red flag - **STOP**.

The red flag will be displayed following an incident to stop other cars that may be on the course.

25. Refreshments. These can be obtained from the caterers in the paddock. Please support them.

26. Litter. Please take your litter home with you.

27. Paddock passes. This is a non-spectator event and car passes for competitors will be sent with the Final Instructions. Additional passes, within reason, may be requested by competitors from the Secretary but are not guaranteed. Entry to the Airfield can only be obtained by displaying a pass on the windscreen of your leading vehicle. Entry to the Airfield will be via the main control tower entrance. If manned, you must stop and wait at the entrance to the Airfield until instructed to proceed.

28. Acceptances and Final Instructions will be sent out via Email.

29. This event will run under whatever Covid regulations are in place at the time by Motorsport UK. It is anticipated that this will mean electronic entry, electronic signing on, electronic scrutineering declaration with random physical inspection, and all cars will be noise tested.
